NUMBER 35

KELLER, KELSEY AND BOLGER WIN ASSEMBLY RACE

Charles Francis Is a Close 3rd; Bolger Retains Seat at Springfield

Nick Keller, Harold Kelsey, Republicans, and Tom Bolger, Democrat, will represent the 8th district, comprising the counties of Lake, McHenry and Boone, in the next general assembly at Springfield.

Big Lake county, with more than twice as many votes as McHenry and Boone counties combined, once more had its advantage and landed two Republican winners for the coveted honor of representing the district in the state legislature.

Representative Nick Keller, running far ahead of his closest competition with more than 10,000 votes to spare, headed the list with over 28,000 votes, according to incomplete returns and with six precincts missing.

Harold D. Kelsey, Lake county supervisor from Cuba township, nosed out Charles H. Francis, Woodstock attorney, by about 1000 plurality. Next closest in the running was Charles Kapschull, former state commander of the American Legion, who ran up a total of nearly 15,000 votes according to early incomplete returns. Stewart and Siegler, the two other Republican entrants, finished in the order named.

Bolger in 2 to 1
Representative Thomas Bolger of McHenry defeated Joseph A. Jadrich, his nearest Democratic rival, nearly 2 to 1, beating the North Chicago lawyer in each of the three counties of the district.

REPUBLICAN

Candidates	Lake	Henry	Boone	Total
Kelley	22,845	1,926	3,172	27,943
Kelsey	14,366	3,152	1,007	18,525
Francis	7,384	6,555	3,658	17,597
Kapschull	12,614	1,497	473	14,584
Stewart	3,138	6,599	1,646	11,383
Siegler	2,173	3,014	1,281	6,468

Lake county, 71 precincts out of 78; McHenry county, 33 precincts out of 34; Boone county, all 14 complete.

DEMOCRATIC

Candidates	Lake	Henry	Boone	Total
Bolger	8,928	7,014	1,027	16,969
Jadrich	8,163	1,055	256	9,474
Hayes	1,593	872	218	2,683
Sorenson	1,340	152	46	1,538
Keefe	1,272	406	208	1,886
Leonard	1,120	212	1,332	

Returns are based on 67 out of 78 precincts in Lake county; in McHenry county the totals include 26 out of 34 precincts; Boone county figures are complete.

Tuesday, May 24—Royal Neighbors.

Firemen.

Light Vote Cast In School Elections

Due to the fact that there was no opposition to candidates in the school election held here Saturday afternoon, only a light vote was polled at both schools.

At the high school 135 votes were given to Walter Hills for member of the board of education. Two ballots, intended as "write-in" votes, were spoiled for the reason the voters failed to mark crosses in the squares.

The five-member board will meet within ten days to organize and select a president to serve for this year.

Three Elected at Grade School

Joe Horton was elected president, and E. H. Brinkman and A. M. Hawkins members of the grade school district. Only 28 voters visited the polls. Mrs. Ida Kufalk was clerk of the election, and Mrs. C. L. Kutl and Mrs. O. S. Klass, judges.

LYONS IS LANDSLIDE WINNER FOR G.O.P. SENATE NOMINATION

Lake County Man Leads State Ticket to Victory in Primary

Daily press reports today confirm the victory of Richard J. Lyons, that approached landslide proportions as the returns from Tuesday's primaries came in from downstate. Incomplete returns gave the Libertyville man over 300,000; Baker 64,000, and Parker 42,000. Later returns today were increasing Lyons' lead over his opponents.

While Republicans were piling up the imposing lead for Lyons, Democrats, both in Chicago and downstate were putting to rout the Kelly-Nash machine by nominating Scott W. Lucas, Havana congressman, over Michael L. Igoe, machine-picked candidate, by a plurality of approximately 50,000 votes.

Lucas headed the factional ticket endorsed by Governor Horner's forces who campaigned against the Kelly-Nash machine on the issue of "bossism." Both factions accused the other of seeking to extend their control of the party to the entire state.

Lyons Plans Summer Fight

An intensive campaign to smash the Roosevelt administration in the November election was announced yesterday by Lyons, the overwhelming choice of Republicans for United States senator.

Lyons called for support of both Democrats and Republicans. He said he would spend the entire summer on the stump.

Lyons today was quoted as saying:

"The New Dealers will do better if they campaign against me on some other issue than the 'neglected third of the population.' They got their knowledge of that problem from books. I was born into that part of the population."

Snow & Blizzards! Who Cares? Base Ball On The Way

Let wintry blasts and blizzards make their final calls. Who cares? Spring and balmy weather are just around the corner and so is baseball, says a statement from the secretary's office of the Illinois Farm Bureau Baseball League in Chicago.

"The first county in the state to report plans for the 1938 baseball season is JoDaviess in extreme northwestern Illinois," the League statement said.

Homer Kearns, farm adviser at Elizabeth, said: "The JoDaviess County Farm Bureau baseball team met at the Farm Bureau office Tuesday evening, April 5, and reorganized for the year. Frank Bonjour of Apple River was elected manager and Harold Schuler of Galena was elected assistant manager. The boys are interested in playing in the northwestern district and signified their intention to practice as soon as the weather permits. Please count on us again this year."

The Jersey County Farm Bureau is the first new prospect to report interest in bringing out a team. In this vicinity of west central Illinois, Montgomery, Macoupin, Bond and Fayette counties all had teams in the field last year. Fayette won the district championship.

Other counties which had Farm Bureau teams last year and which are expected to be in the race again are DeKalb, Boone, McHenry, Lake, Will, Livingston, Carroll, Ogle, Peoria, Henry, Woodford, McLean and Marshall-Putnam.

REPUBLICANS POLL BIG VOTE; DEMOCRATS FAVOR CIVIC LEAGUE

Kennedy Is Big Winner; Morse Has Close Victory Over Stratton

Tyrrell Wins Nod of Democrats for Sheriff Office

PRIMARY WINNERS

Republican
Sheriff Thomas E. Kennedy
County Clerk Jay B. Morse
Probate Clerk Allen J. Nelson
Treasurer Garfield R. Leaf
(Unopposed)

County Judge Perry L. Persons
Probate Judge Martin C. Decker
Co. Supt. Wm. C. Petty

Democratic
County Judge R. P. Sullivan
Sheriff Bart Tyrrell
Co. Supt. T. A. Simpson
Probate Judge P. W. Yager
Probate Clerk Chas. F. Heblor
(Unopposed)

County Clerk Russ Alford
Treasurer Jim McMillen

That Lake county is still Republican in politics was indicated in Tuesday's primaries when over 20,000 votes were polled by members of the GOP to about half that number cast by Democrats in selecting party candidates for county offices.

The outstanding victory on the Republican ballot was Chief Deputy Sheriff Thomas E. Kennedy, who received a majority of over 3000 votes over his two opponents. Early totals from 70 of the 76 precincts of the county gave Kennedy 12,379, John E. Froelich 5,336, and Harold E. Pilliant, 3,621.

The same number of precincts gave Jay B. Morse a plurality of 886 over William J. Stratton, his nearest rival, for the county clerk nomination. The totals from these precincts gave Morse 7,320; Stratton 6,434; Lew A. Hendee 4,906 and J. Russell Miller 1,612.

Allen J. Nelson was a two to one winner over his nearest opponent for the probate clerk nomination, receiving 9,831 votes to 4,258 for Leonard D. Hook, 3,878 for Ray J. Reardon and 1,864 for George W. Strang.

Garfield Leaf won the treasurer's nomination over Robert J. Greenslade, 12,608 to 6,364.

The candidates unopposed for Republican county offices were Perry L. Persons for county judge, 17,211; Martin C. Decker for probate judge, 16,406; and W. C. Petty for superintendent of schools, 17,025.

Civic League Victorious

In the Democratic primary the Civic League was victorious over the party organization candidates, landing four of the five candidates sponsored by the league. The only civic leaguer to meet defeat was Mrs. Esther C. Singer for county judge, who is reported to have been defeated by Robert Sullivan, who had the backing of the county central committee.

Other candidates sponsored by the league who made the grade are Bart Tyrrell for sheriff; T. Arthur Simpson for county superintendent of schools; Philip Yager for probate judge; and Chas. F. Heblor for probate clerk.

Tyrrell defeated Charles A. Stanton about three to one, according to returns from 65 precincts, 6,481 to 2,266; Simpson received 4,409 and Charles Noll, 3,054; Yager 5,026 and E. R. Par-nass 2,259; Heblor 3,270, Jack Ewing 2,270, and Kenneth Klopff 1,316; Mrs. Singer 3,077 and Sullivan 4,348.

Russ Alford unopposed for county clerk received 7,555 and James McMillen unopposed for treasurer polled 6,780.

Committeemen Re-elected

Party committeemen for local precincts were re-elected.
All Republicans were returned to their posts without opposition in the three Antioch precincts—Antioch 1—C. K. Anderson; Antioch 2—Jas. Stearns; Antioch 3—Albert Friedel.

A lively race was staged in Antioch 1 between Einar Sorenson, incumbent, and John L. Horan, resulting in victory for Sorenson 162 to 64 for Horan. Sorenson is vice chairman of the Democratic central committee.

Charles Cernak, Jr., incumbent in Antioch 2, was re-elected for his third consecutive term, and Henry V. Jackson was elected in Antioch 3.

PRIN. CLABAUGH TO ADDRESS ALGONQUIN PTA

Principal Ralph E. Clabaugh of the Antioch Grade school will address the Algonquin Parent-Teachers association Tuesday night. His subject will be "The Purpose of Education in a Democracy."

APRIL SHOWERS

World Traveler Will Tell Antioch Woman's Club About Gardens

Miss Ethel Mills, world traveler, of Chicago, will address the Antioch Woman's club Monday afternoon, April 18, at a meeting to be held at the grade school. Her subject will be "At Home Abroad," an illustrated lecture showing colored slides of English homes and gardens, and also depicting the type of homes and gardens found in Chicagoland.

Committee members in charge of the meeting will be Mrs. H. J. Vos, Mrs. W. R. Williams and Mrs. W. W. Warner.

FUTURE FARMERS PLAN FATHER-SON BANQUET

The annual Father-Son banquet sponsored by the Antioch chapter of Future Farmers of America, will be held next Thursday night, April 21, in the cafeteria at the high school, and the speaker will be Jack Nisbit, associate editor of Hoard's Dairyman, of Ft. Atkinson, Wis.

Editor Nisbit has spoken here on previous occasions and his talks have been highly inspirational, according to those who heard him.

As is usual, the members of the F. F. A. will have a part in the program and there will be the entertainment numbers as well as talks by the sons and fathers.

Richard Prince is chairman of the program committee; Glen Fox is in charge of invitations; Henry Quendenfeld, refreshments; and Virgil Horton, decorations.

Civic Club To See Youth Hostel Films At Dinner Monday

Justin J. Kline, field worker for the American Youth Hostel committee, will bring two reels of motion pictures here Monday to be shown to the Antioch Men's Civic club at the dinner at the Antlers hotel at 7 p. m.

Kline was in Antioch six weeks ago when the local Youth Hostel committee was organized, composed of members from the various community groups. The pictures to be shown here Monday were taken in youth hostels throughout the world and will show the development of the movement in the United States during the last few years.

Another feature of the meeting will be readings by Richard Martin, principal of the Winthrop Harbor schools. Mr. Martin appeared on the Parent-Teacher program here Monday night, and his entertaining readings were so well received that he was recalled by the Civic Club. Martin is an Antioch High school alumnus.

Harry Nelson, a student at University of Illinois at Urbana, arrived home today to spend his Easter vacation with his parents, Mr. and Mrs. S. Boyer Nelson.

Invented Banjo Clock
The banjo clock was invented in 1801 by Simon Willard and so called because of its shape. It was an eight-day, non-striking, pendulum clock. Willard obtained a patent for it in 1802.

MINTO AGAIN HEADS ANTIOCH FAIR BD., ADD 3 DIRECTORS

Set Dates for Fifteenth Annual Exhibition—August 24, 25 and 26

The election of officers, the enactment of an amendment to the constitution and the setting of dates for the 15th annual country fair, claimed the attention of the members of the Antioch Country Fair association at the annual meeting at the local high school last night.

D. H. Minto again heads the association as president. Others elected were: Emmet W. King, vice president; Mrs. Ralph McGuire, secretary; and Bert Edwards, who was re-elected treasurer.

An amendment to the constitution enacted last night provides that the board be increased by adding two more directors. Heretofore the board has consisted of the four officers and one additional director, five members in all. Under the amendment the board will now have seven members—the four officers and three directors.

Named as directors last night were: Harrie Tillotson, last year's vice president; Charles Paddock, former secretary, and E. E. Elsbury.

For the third time in its history the fair will be held before the Labor Day week-end. This year's dates are August 24, 25 and 26. In earlier years the fair was held in October. This year's fair will follow the dates set for the Vocational Fair at Elgin, thus avoiding the conflict in dates that was experienced last year.

CHANNEL LAKE CLUB APPROVES BY-LAWS; SEEK STATE CHARTER

Name Al Ebeling Vice President and Select Nominating Committee

By-laws for the newly formed Channel Lake Community Club were approved by the 50 charter members of the organization at a meeting held April 6. After a few minor alterations are made the application for a charter will be forwarded to Springfield. The incorporators named will be the duly elected officers and board of directors, and the organization is to be described as non-political, non-sectarian and will be incorporated "not for profit."

Other business transacted at this meeting included the election of Al Ebeling as vice president, and the naming of the nominating committee who will recommend members for the board of directors. Paul Chase, president of the club, and Lyle Rogers, Channel Lake school board member, are members of the board of directors by virtue of their offices, according to the by-laws.

All Officers Elected

Besides President Chase and Vice President Ebeling, other officers previously elected were Charles Atwood, secretary, and Mrs. Nicholas Zeien, treasurer.

There are to be committees appointed to direct the various phases of the club's activities, including the child welfare and education committee which will serve in somewhat the same capacity as the disbanded Parent-Teacher group.

The Club plans to hold a basket social and card party the latter part of April to raise further funds to finance the earlier activities of the organization.

RALPH CHURCH EASY WINNER FOR CONGRESS

Leading his rivals for the Republican nomination for congress in the tenth district, Congressman Ralph E. Church, who has served two terms at Washington, carried 68 precincts in Lake county and was ahead about 10 to 1 in Cook county precincts, primary election returns indicated today.

Cong. Church, according to incomplete totals, appeared to be a 3 to 1 winner over John Fay Harris of Lake Forest, and more than 10 to 1 over Robert E. Schaefer of Chicago.

In the Democratic race Joseph E. Elward is indicated as the winner over William Mason and C. Hiding Anderson, according to incomplete returns. In the Cook county part of the district the vote is said to be close between Elward and Anderson.

Waukegan Band In Concert At Grayslake
The Waukegan high school band will be heard in a concert at the Grayslake school on Friday evening, April 22. The concert is being sponsored by the Grayslake Citizens association.

The Farmer's Future

What a farmer plants, and how much he reaps, is already being suggested to him by the federal government. The motive, of course, is sound—to assure him a fair return for his time, investment, and effort. But that is just the beginning of a trend which promises more outside supervision.

Congress is considering a bill to regulate wages and hours. It would specifically exempt farmers. But that very exemption is a clear indication of a belief that Congress has the power to set the wages the farmer pays his hands and the hours he works them.

Even more significant are two other developments. First, the National Labor Relations Board has just decided that it has jurisdiction over farm marketing co-operatives. It instructed the North Whittier Heights Citrus Association of Puente, California, to reinstate with back pay 27 packing house workers who had been dismissed.

Second is the New Wagner bill, now a subject of Congressional study. That really gets down to brass tacks. It would force any person who sells goods to the government to agree to let the government supervise his dealings with his employees. Even the farmer who sells vegetables to a federal veterans' hospital might be compelled to let a Washington agency dictate his relations with his farm hands.

Again, even if the farmer should be specifically exempted from the proposed new law, that would be an assertion of Congressional power to apply it to him. And a future Congress not so friendly toward the farmer could easily amend the law.

It's certainly going to be an interesting future for the farmer!

Your Future at Stake

It doesn't make dramatic headline news—but the "war" over Federal tax policies that is now going on in Washington, is of great and direct importance to every person in this country—whether he be clerk or capitalist.

The undistributed profits tax is a case in point. It is reported that the Treasury Department wants this tax retained, at least in "principle," in spite of the fact that it has been denounced as a depression-breeder by scores of economists, and is credited by leading business men and publicists with having been a major factor in bringing on and maintaining the current business collapse. The Senate Finance Committee has voted to eliminate this tax in the interest of recovery. This committee has a

wealth of sound, dispassionate evidence on its side—but unfortunately, that doesn't necessarily count in politics.

The only thing that can sway the ultimate decision is the public's attitude. A wise, informed people who let it be known that they have had enough political man-handling of their jobs and savings, will see its wishes made into law. A lethargic, uninterested, ignorant people will get what it deserves—which is simply more political horseplay, more crackpot theory, and more depression. Don't make any mistake—your future is at stake today.

The TVA Scandal Develops

If Congress has any regard for its duty to the public, it will carry on a full, impartial and exhaustive investigation of the TVA—and do it quickly. The discharge of TVA's chairman has made a bad matter worse, and has answered none of the immensely important questions that have been raised concerning TVA acts and policies.

The TVA situation is a grave scandal. TVA directors have been making charges and counter charges. The TVA board has been hopelessly split by differences of opinion, and by personal enmity and bitterness. Observers claim that the TVA has pursued extremely high-pressure policies in trying to force individuals in its area to buy power appliances; that it is shot through with waste and inefficiency; and that it so camouflages its reports that no one can tell what is going on. And this is the Authority that is costing the taxpayers hundreds of millions—and that was supposed to make a heaven on earth out of the Southeast.

Anyone can imagine what would happen had a private power company gotten itself into this kind of a mess. Congressmen would have beaten their breasts in righteous anger; a resolution for an investigation would have been rushed through in record time, and the politicians would have had a field day. In the TVA case, most effort seems to be given toward trying to "quiet things down," and passing the buck.

Well, the TVA row won't quiet down. Too much has been alleged—there have been too many conflicting charges. If the TVA is wasteful and corrupt, the public is entitled to know it. If it has been well managed and efficient, that should be proven.

The American people want a fair and honest investigation of the TVA—and they want it now.

Spend and Destroy

And now comes the proposal from an automobile manufacturer for the government to spend \$100,000,000 buying up and scrapping 1,000,000 old automobiles, on the theory that the automobile industry employs one out of every seven persons, directly or indirectly.

The idea is no different than paying farmers for not raising crops, plowing under cotton, destroying young pigs, buying surplus farm crops, etc. But it's pretty hard for the older school who were taught to save and produce, to get used to the new idea of spend and destroy.

There will be special services at the Peace Lutheran church Easter Sunday morning in German, with communion, at ten o'clock. In the evening, Rev. B. Schlueter of Oshkosh will conduct the services in English, with communion at 7:30.

A meeting of the Kenosha County Fair Directors will be held at the high school on Thursday evening, April 14, at 8 o'clock.

The High School P. T. A. will meet at the school on Tuesday evening. Rev. and Mrs. S. Jede, Mr. and Mrs. Arthur Fiegel and son, Jimmie, and Norman Jede were dinner guests Sunday of Mr. and Mrs. Otto Schenning in honor of the confirmation of Richard Schenning.

U. F. H. School School will be closed for the spring vacation from Friday to Tuesday.

The Senior class is practicing for its play, "The Poor Fish," under the direction of Miss Thomas of the English department. The play will be given Friday night, May 6, at the gymnasium.

The Junior class Prom will be held on Friday night, May 20.

The Townsend Club met at the Wilmet High school Monday evening. Mr. Martinson, of Park Ridge, Ill., was the speaker of the evening. Short talks were given by Mr. Becker and Mr. Frederick of Des Plaines. Mr. Jackson of Townsend Club No. 1 of Kenosha, also took part in the discussion. The next Townsend Club meeting will be held in Silver Lake, Monday evening, April 18.

The operetta, "In Arcady," presented under the direction of Russel Ende of the Music department of the high school was exceptionally well attended and very well received. The character parts were all well taken and the dance and chorus number well put on.

Mr. and Mrs. John Nett will observe their fifty-first wedding anniversary with a high Mass at the Holy Name parsonage at 7:30 on Wednesday morning.

Mr. and Mrs. August Neumann entertained at a dinner for forty-three relatives in honor of the confirmation of their daughter, Virginia Ann, on Sunday.

First Oil Painter

St. Bavon's cathedral in Ghent, Belgium, has one of the world's six greatest pictures, "The Adoration of the Lamb," by the brothers Van Eyck, one of whom is said to have invented oil painting.

Chance to Make \$85

Month to Start— Much More Later

Local manager wants 2 or 3 men living in or near Antioch for permanent demonstration work among nearby farmers. Must have car, train right man to become well paid Stock Feed representative. Address Box No. 23, care of this paper.

Name
Address

Ancients Explain Rose Odor

The perfume of the rose is thus explained by the ancients: "Love, at the feast of Olympus, in the midst of a very lively dance, upset, by a stroke of his wing, a goblet of nectar which, falling on a rose, embalmed it with the rich fragrance it still retains."

Chinese First Printers

The Chinese were the first printers. The European invention was independent of the Chinese discovery.

Ashlar Stone

Ashlar stone is hewn or squared stone as distinguished from that which is unhewn or rough as it comes from the quarry.

Women Decorated in Egypt

The highest decoration for women in Egypt is the Order of Kam-male.

Died Month After Inauguration

William Henry Harrison died exactly one month after he was inaugurated (April 4, 1841).

Seven Hills of Providence

Providence, R. I., is said to have been built on seven hills, though at least two of them are no longer in existence. They are Prospect or College hill, Constitution hill, Tock-wotton hill at Fox point, Smith hill, Federal hill, Christian hill at Hoyle square, junction of Cranston and Westminster streets, and Weybosset hill.

Potomac's Origin

Potomac is a word from the language of the Algonquin Indians. The Indians said "Patow-m-ek," meaning to bring again, they come and go. This probably referred to the Indians who mined the steatite or soapstone deposits on the Occoquan creek and bartered these minerals up and down the river.

LAKE VILLA

Lake Villa Com. Church (M. E.)
Sunday School—10:00 A. M.
Worship Service—11:00 A. M.

Special Easter services next Sunday including baptism of children. If you have plants or blossoms to beautify the church for the Easter service, they will be much appreciated.

The Ladies' Aid Society will meet Thursday afternoon, April 21, with Mrs. Hooper at her home instead of Wednesday, which is the regular day. All are very welcome at this meeting. The meeting at Mrs. Weber's last Wednesday was rather disappointing because of the snow-storm but those who were able to get there enjoyed it very much.

The official board of the church will sponsor a musical entertainment, including a German band composed of students of Garrett Biblical Institute, at the church on Friday evening, April 22nd, and asks for your patronage.

There was a small attendance at the school election last Saturday night and nearly forty votes were cast. B. J. Hooper who has held the office of director for some years, was re-elected.

Mr. and Mrs. Raymond Burnett are receiving congratulations on the birth of a son at the Lake County general hospital on Sunday morning, April 3rd, and mother and son are doing nicely at their home here. The Burnetts have a daughter, Betty.

Andrew McGlashan, who is working at Pontiac, Ill., came Friday night to spend the week-end here and Mrs. McGlashan returned with him to spend a week or two.

Miss Libbie Petru, who has been visiting her cousin, Mrs. Fred Hamlin, for the past two weeks, returned to her home in Chicago Saturday.

Mr. and Mrs. William Weber spent Monday in Chicago and Mrs. Weber visited her sister, Mrs. George Mitchell.

The P. T. A. which usually meets on Monday evenings, will have a very important meeting to which the public is invited, at the school house on Tuesday evening, April 19th. Mrs. J. B. Allen of Chicago will speak on "Customs and Life of Africans." She has lived in Africa and is well informed on her subject so the P. T. A. offers the public a real treat.

Lake Villa

School Notes

Upper Room

There will be no school on Friday, the 15th, and Monday, the 18th, as both of these days are included in our Easter Vacation.

John Meyer has made a large map of Europe.

The boys and girls of our room are making poppy posters. Robert Hodgkins has finished his, and it is a very good one.

Bill Effinger can't come to school until he's sure he hasn't got the measles from Jack.

Intermediate Room

Mrs. Klein of Deep Lake visited us on Thursday.

Edna Jean Barnstable was absent Thursday due to weather conditions.

Many from the room are busy selling tickets for church functions.

Primary Room

Mr. and Mrs. Reynolds, Valle, and Buddy are out for Easter week.

Ronald Sonnenberg spent the week-end in Harvard.

Bobby Thompson is back with us again. The children all asked if he still had his tonsils. He said, "Yes, but I'll have to part with them soon."

Dallas and Rose Mary are back, feeling much better.

Joan Solberg's Daddy is in Washington working.

Kennie Barnstable, Estelle, Clifford and Alice are absent.

We have our rabbits, chickens, and candy Easter eggs on our sandtable now. That is, we have a few candy eggs left. Some hungry people have eaten a few now and then.

WILMOT

The Wilmot Volunteer Fire Department has chosen the dates of July 2-3-4 for its annual carnival. On April 29 a dance for the benefit of the fire department is to be held at the Wilmot gymnasium. The members are busy making plans for these to affairs.

Miss Edna Head, supervisor of the art department and home economics of the Kenosha graded schools, and Miss Cantwell head of the Kenosha High school art department, gave talks before the members of the Mothers' club at the school Tuesday evening. Both demonstrated their talks with examples of work accomplished in the art departments of the school systems in Kenosha. Miss Hood spoke on work in the graded departments and Miss Cantwell continued with that in the high school. Both talks were highly instructive and the audience appreciated them very much.

Miss Hood and Miss Cantwell were overnight guests of Miss Anna Kroncke who gave a dinner Tuesday evening in their honor with Mrs. M. M. Schnurr and Mrs. Grace Stoxen as guests.

Mrs. S. Jede, Mrs. Ray Rudolph, Erminie and Grace Carey attended a style show and card party given at the Riverside Hotel in McHenry, Tuesday afternoon, sponsored by the McHenry Mother's Club. Over three hundred attended.

Frank Kruckman's tulips that have been in blossom for several days had their heads just out of a snow bank. The martins, arrived in Wilmot March 25, and many other birds which arrived earlier than usual suffered from the effects of the snow storm last week.

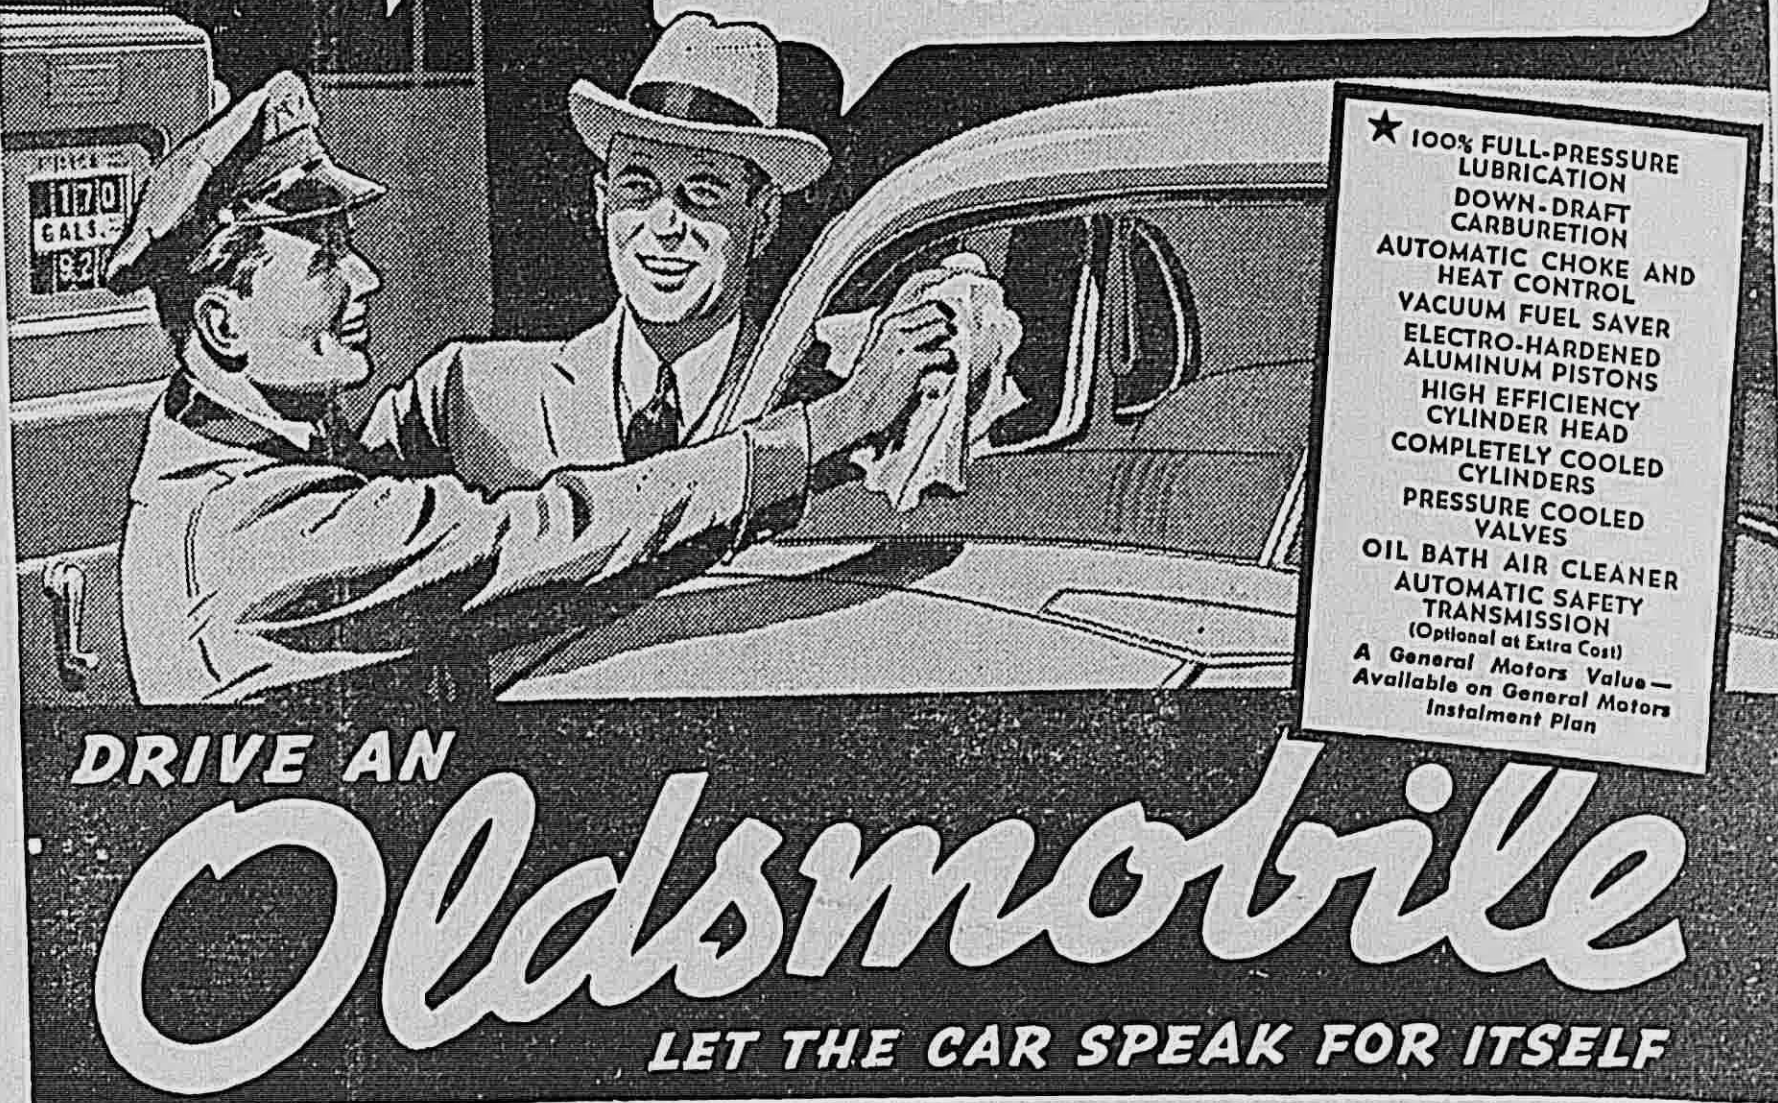

Mr. and Mrs. J. Runge, Bristol, were guests of Mr. and Mrs. Frank Burroughs.

Holy week services at the Holy Name church will be at 7:30 A. M. on Holy Thursday, Good Friday and Saturday; Evening services Thursday and Friday at 8:00 o'clock; High Mass at 8:00 o'clock on Easter Sunday morning and a low mass at ten o'clock.

Mr. and Mrs. William Harm, Miss Frieda Grabow and John Grabow attended a dinner honoring the confirmation of Nelva Ehler at Mr. and Mrs. Frank Ehler's on Sunday.

SEE INDIAN DESERT VAST VERDANT AREA

British Project to Transform Millions of Acres.

New Delhi, India.—British engineering skill is gradually turning an arid land into a paradise.

Millions of acres of semidesert are coming under cultivation in Sind as the Lloyd Barrage canal system, possibly the largest in the world, begins to operate at full capacity. The Lloyd Barrage is declared to be one of the wonders of the world. It is the broadest canal ever excavated and exceeds the Panama canal in width at bed level.

When in full operation the total area under cultivation will be 7,500,000 acres—roughly equivalent to a quarter of England and more than the entire irrigated area in Japan.

Although the scheme is scheduled to yield increasing returns later, culminating in a return of 7.4 per cent in 1952-53, the present work completed in 1932-33 has already been of immense benefit to Sind.

Vast Population Is Aided.

At present two-thirds of the 4,000,000 population of Sind are dependent on the barrage directly and indirectly for a livelihood. The labor force alone employed on the works varied from 30,000 to 50,000 during the winter and once topped even the total of 60,000 skilled and unskilled laborers.

Some 42 miles of broad-gauge and 24 miles of narrow-gauge railway track were laid and 27 locomotives and 1,700 wagons of all kinds were used in construction work. Temporary wharves had to be built on either bank of the River Indus, across which the barrage was thrown, for the loading of material used in the center of the river.

Special plant of various sorts had to be employed and much of it, including two dredgers, two paddle tugs and several mechanical excavators, had to be brought from England. It was necessary to build 1,689 bridges and regulators as part of the scheme. Each gate of the barrage weighs 50 tons or more and special machines had to be introduced to place them in position.

The barrage required nine years to build. Its 66 spans over the Indus at Sukkur, with auxiliary works, cost slightly under \$45,000,000. Special tools and plant alone cost \$8,500,000.

Completion of the barrage was a triumph for British engineering. The climate was notoriously inhospitable, rainfall averaging only three inches in the north to nine inches in the south. This meant exceptional dryness throughout the year, extreme discomfort in summer, with a temperature rising often to 160 degrees, and frequent dust storms. Despite this, work went on night and day.

Seven Canals Were Dug.

Seven canals—three on the right and four on the left bank—take water from the barrage and carry it to all but two districts of Sind.

The 66 spans, each 60 feet wide, carry two bridges and permit a maximum of 1.5 million cubic feet of water a second, 100 times the volume of the Thames at London bridge, to pass through. It has 6,547 miles of channel and 47,773 miles of water courses.

The scheme, it is hoped, will treble the total area under cultivation. Land under wheat, the principal crop, will be increased from about 500,000 to about 2,000,000 acres and land under the two other important crops, cotton and rice, from 300,000 to 820,000 acres, and from 360,000 to 680,000 acres respectively. The area under cotton may even reach 1,000,000 acres.

De Soto Horse Legend

Is Disputed by Scientist

New Haven, Conn.—The North American plains Indian got his horses from a wealthy Mexican, Juan de Onate, founder of Santa Fe, and not directly from Coronado or De Soto, as originally believed, Francis Haines, of Berkeley, Calif., writes in a recent issue of "The American Anthropologist."

Heretofore, anthropologists had held that these animals were descendants of strays from the herds of the first Spaniards in the New World, but Haines declared the Indian was unsuccessful as a breeder. The Indian's packs of fierce dogs were the chief reason for his failure as a live stock raiser, because they were particularly deadly to the colts.

"The available evidence indicates that the plains Indians began acquiring horses some time after 1600, the center of distribution being Santa Fe," Haines said. "This development proceeded slowly, none of the tribes becoming horse Indians before 1630, and probably not until 1650."

Mouse Is a Victim

of a Telephone Bell

Schenectady, N. Y.—A mouse with a smashed head was removed from a telephone box by Repairman Harry Blanchard.

Blanchard theorized that the animal, sticking its head through a hole on the side of the box, was beaten to death by the bell clapper when a call came through.

NEW NICKEL WILL HONOR JEFFERSON

Displays Likeness of "Long Tom" and Monticello.

Washington, D. C.—Time ticks on again at Monticello, home of Thomas Jefferson.

"When the key to the mechanism of the double-faced clock over the east entrance was restored recently, the instrument started to mark time once more, and its cannon ball weights again started their seven-day tour down the wall past indicators for days of the week," says the National Geographic society.

"An indoors dial looks down on the accomplishments of a pioneer educator, large-scale farmer, gadget-inventor, architect, and diplomat, who also found time to write the Declaration of Independence and to be twice President of the United States; the other dial of the same clock faces outward, meeting sightseers with the challenging reminder that they are being given the same number of minutes per hour that it allotted Thomas Jefferson."

New Nickel Shows Shrine.

"It is predicted that more Americans than ever before will see Monticello within the next year. No matter how far away they are from the third President's Virginia home, all they need is one bright new nickel. The new nickel, now being designed to retire the vanishing buffalo which has borne the five-cent burden since 1913, is to wear a likeness of 'Long Tom' Jefferson on one side and Monticello on the other."

"An American coinage based on the decimal system instead of the British shilling and crown, the hall clock that did extra service as outdoor timepiece and weekly calendar, and the unique architectural features of the country home he designed are among the products of Jefferson's inventive mind. 'It is wonderful,' was a Jeffersonian remark, 'how much can be done if we are always doing.' That he was practically always 'up and doing' before sunrise during his 83 years, there is hardly any more convincing proof than Monticello."

"The house crowns the leveled top of a 'little mountain' (Monticello in Italian) near the eastern rim of Virginia's Shenandoah valley. Visible below is Charlottesville, the city which has grown around the University of Virginia of Jefferson's founding—evidence of his hope that the best way to prevent tyranny 'would be to illuminate the minds of the people at large.'"

"The view is curtailed in the blue distances of the 'Western Territory' far beyond, for which Jefferson wrote a bill abolishing slavery and requiring that it would 'remain forever a part of the United States of America.' The spaciousness of the Monticello prospect made it seem quite possible for everyone to find room for 'life, liberty and the pursuit of happiness,' as Jefferson proclaimed in his 'birth certificate of a nation,' without encroaching on any other person's liberties."

Ingenious Trickery.

"From blueprint to weathervane, Monticello is a rare example of ingenious trickery. It looks like a cozy domed bungalow, while it is actually a four-story mansion with extensive wings. The basement floor and corridors to flanking office cottages are almost invisible from the front, for they are buried under terraces and receive their sunshine from the rear. There are thirteen bedrooms in the house, and not a single bedstead; alcoves provided with wall hooks for mattress supports of rope were Jeffersonian substitutes for the then stylish four-poster. His own bed was in an alcove open on two sides, so that he could roll out directly into either his study or his bedroom."

"The weathervane on the roof of the east portico was extended through the roof to markers on the ceiling, visible from indoors, so that the canny statesman could learn which way the wind blew without venturing into it. Long before the first trolley doors opened automatically, Jefferson equipped his tall glass French doors with the double-door trick of moving in unison at a touch on either one. Surprising furniture, such as revolving tables and adjustable desk, contributed to the impression of a home with every possible novelty for convenience's sake."

"Novely attended the very christening of Monticello, for possibly the first use of the name in Jefferson's own records was a reference to some experiments with cherry tree grafting."

Traveler Robs Hotel to Catch His Train in North

Prince Albert, Sask.—Commercial travelers en route to the northern Canadian mining town of Flin Flon usually get a little sleep at Hudson's Bay Junction while waiting for the northbound train.

One chilly morning when the train whistle blew its final call, a traveler dashed out of the hotel into the wintry weather swinging his suitcase in one hand and a porcelain water jug in the other.

When he reached the train, the conductor shouted:

"Hey, you, you're taking the hotel crockery!"

"I know," shouted the traveler, "but my teeth are frozen in this darn water jug!"

TREVOR

Jesse Allen, Richmond, Illinois, was a caller in Trevor Friday.

The Willing Workers met with Mrs. Nellie Runyard Thursday with Mrs. Fred May, Antioch, as hostess. Mrs. Floyd Horton will entertain the ladies in two weeks at her home in Antioch.

There was no auction sale of horses and cattle at the stock yards on Thursday afternoon owing to the condition of the highways.

Mr. and Mrs. Champ Parham, Waukegan, spent the week-end at the Mrs. Jessie Allen home.

Mr. and Mrs. Byron Patrick, Salem, called on the Patrick families Sunday afternoon.

Mrs. Ed Mutz returned home Tuesday after visiting her father and brother in Keokuk, Iowa.

Mrs. Champ Parham, Waukegan, spent Tuesday with her sister, Mrs. Kermit Schreck.

The last of a series of card parties was held at the home of Mrs. John Hilbert on Wednesday afternoon at a dress-up party. The ladies planned a trip to Milwaukee in two weeks to spend the day.

Erving Pofahl, near Antioch, was a Trevor caller Wednesday.

Ralph Barber, Silver Lake, was a business caller in Trevor Wednesday.

The remains of Mr. Louis Pofahl, Bristol, were interred in Liberty Cemetery Friday in the family plot.

R. Dole, Milwaukee, has filled the vacancy left by Mr. Alverson as day agent at the Soo Line depot. Mr. Alverson and family have moved to Downing, Wis.

Mrs. Jessie Allen and daughter, Eloise, visited friends in Madison Saturday night and Sunday.

Sunday callers at the William Evans home were Mrs. Annie Barter, daughter, Grace, and son, Herbert, Kenosha, and Mr. and Mrs. O. Kerzrok, East Troy.

Mr. and Mrs. William Evans and Mr. and Mrs. Earl Elfers called on Mr. and Mrs. George Rohnow, Mr. and Mrs. Elfers also called on Mr. and Mrs. Elmer Elfers Sunday evening.

The Misses Ruth Fleming, May

Fleming, Doris Kenzler, Burlington, and Mr. Allan Baker, Lake Geneva, spent Sunday at the Elmer Fleming home.

Klaus Mark and daughters, Elva and Marie, attended a dancing party in Racine Saturday evening.

Mr. and Mrs. Alfred Dahl entertained for fifty guests at open house on Palm Sunday afternoon and evening in honor of their son, John's confirmation.

Miss Cymbaline Lasco, Powers Lake, spent a few days with her aunt, Mrs. Charles Oetting.

Sunday visitors at the A. J. Baethke home were Mr. and Mrs. Rentner, Oak Park; Mr. and Mrs. James Laughlin, Burlington; Mr. and Mrs. Frank Girard, Mr. and Mrs. Adolph Gerard, daughter and grandchild, Kenosha.

HICKORY

Miss Sophie Georgi of Kenosha visited Mrs. Harrie Tillotson Saturday afternoon.

Mr. and Mrs. Will Thompson and Helen visited relatives in Zion Saturday afternoon.

Mrs. E. W. King spent Friday with Mrs. G. Lange at Hebron. Mrs. Lange entertained the Home Bureau ladies from that community.

Mr. and Mrs. Hugo Gussarson and family visited at the Wilbur Hunter home at Mundelein Monday evening of last week.

Mrs. J. Pickles visited the D. B. Webb home at Millburn Sunday afternoon.

Mr. and Mrs. Will Thompson and Helen visited the Philip Gould family at Grayslake Sunday afternoon.

Mr. and Mrs. Gerhardt Lange and Barbara of Hebron visited the Nels Nielsen and Harrie Tillotson homes Sunday afternoon.

Mr. and Mrs. George Lynhart and children of Waukegan spent Sunday afternoon with the Hugo Gussarson family.

Philip Andersen and his mother, Mrs. Andersen from Lake Villa, called on the Max Irving family Monday evening of this week.

"Blue Point" Oysters

The name "blue point" was derived from Blue Point, a village on Long Island, near the eastern end of Great South bay, in the vicinity of which deliciously flavored oysters of a small variety were found in natural beds. Any similar small size round oysters that may be eaten raw are called blue points.

Highest Lighthouse

Probably the highest lighthouse in the world, that at Deal island, Tasmania, stands 957 feet above sea-level.

Marine Sunfish Fast Grower

The marine sunfish (*Mola mola*) surpasses all other animals in its ability to grow. Although smaller than the head of a carpet tack when born, says Collier's Weekly, it has been known to tip the scales at 1,500 pounds when matured, or 60,000,000 times heavier than its original birth weight.

Gliding 'Possums

Australia's gliding 'possums cannot fly, but they can cover over 100 yards in one of their graceful gliding leaps.

"Seeing's Believing!"

William LaVarre, famous explorer, tramped through jungles and over mountains with his camera to bring you this unique series . . . pictorial proof of strange facts you can hardly believe! They're running now in this paper, a series of word and picture accounts that will amaze you. These things seem impossible . . . but seeing is believing!

A Feature You'll Enjoy!

**Lowest Cost in History
PLUS
Generous Trade-in Allowance**

... MAKES THE NEW 1938

SERVEL ELECTROLUX
AN OUTSTANDING REFRIGERATOR BARGAIN!

Liberal Allowance

—on your old icebox or mechanical refrigerator. (Depending on cost of new Electrolux).

SMALL DOWN PAYMENT
As long as 30 months to pay balance on your Gas Service bill.

**Here's Why
GAS Refrigeration Saves
You Money Year After Year**

● Electrolux, the gas refrigerator, saves because it's different. The little freezing mechanism which makes cold with the tiny blue "thrift flame" is the only freezing mechanism which has no moving parts. No moving parts means no parts to wear—giving you longer life for your refrigerator . . . and low up-keep cost, for there are no expensive replacements. It also costs less to operate, because efficiency is held at the same high level, allowing the "thrift flame" to scrimp on fuel, year after year. Then, too, you get permanent silence—parts that do not move, do not make a noise.

See this beautiful new Electrolux today!

Come in and see the refrigerator that saves—marked at a lower price than ever before—with a generous trade-in allowance and more sensational new convenience features. See the extra roominess, the compact arrangement, the features that cut down on work—safeguard family health with dependable food-keeping. See the thrilling beauty it will bring into your kitchen.

OTHER DEALERS ARE ALSO SHOWING THE
1938 SERVEL ELECTROLUX NOW

**PUBLIC SERVICE COMPANY
OF NORTHERN ILLINOIS**

See These Great NEW Features!

- 1. New Tray Release.** A gentle lift of the hand on the new tray release frees the tray without a struggle.
- 2. Stainless Steel Cube Release.** Flexible cube release makes it easy to get one cube or the entire trayful at once. No holding under tap—you get 20% more ice!
- 3. New Illuminated Temperature Dial.** In plain view every time the door is opened. The indicator reports the temperature in the food compartment, giving assurance that the constant cold of Electrolux is protecting your food every minute.
- 4. New Adjustable Cold Storage Tray.** This tray is adjustable to two levels in the coldest part of the food storage compartment. It is ideal for thoroughly chilling meats and other foods—will accommodate bottles and bulkier roasts.
- 5. Push or Pull Door Opener.** When hands are full—just give this latch a slight nudge—the door opens instantly.

Vicinity

**ANTIOCH WOMEN'S CLUB
HEARS LECTURE ON AMERICA**
Mrs. Brutus A. McGee of Chicago gave an interesting address on the subject, "America Makes Life More Interesting" at a meeting of the club, held Monday, April 11, at the home of Mrs. M. M. Stillson.

Mrs. McGee is a speaker who is both convincing and inspiring. She has a pleasant manner of speaking, is familiar with a wide range of facts, which, however, outweighs the social and personal values and meaning of adult education.

Assistant hostesses with Mrs. Stillson were Mesdames Henry Rentner, H. H. Reichers and W. R. Williams.

**LADIES AID TO
SERVE LUNCHEON**

The April and August groups of the M. E. Ladies Aid will serve a public luncheon at the church Wednesday, April 20th beginning at 11:30 and serving until all are served. Adults 35 cents and children 25 cents. Mrs. H. H. Perry and Mrs. A. P. Bratrud have charge of arrangements. The regular meeting of the Aid will be held in the afternoon at the church. Miss E. Thorpe, who has been a teacher in China for the past five years, will talk on the subject, "Conditions in China."

**AUXILIARY HELD
MEETING FRIDAY**

The regular meeting of the Legion Auxiliary was held Friday evening at the Legion Hall. Mrs. Dan Lightsey, Mrs. Ernest Glenn and Mrs. Alfred Kumpfer were initiated into the order. A delicious pot-luck lunch was served following the business.

The next regular meeting will be held at the home of Mrs. Lester Osmond, Friday evening, April 22.

**MRS. STILLSON HOSTESS
TO MOTHERS CLUB**

Mrs. M. M. Stillson entertained the members of the Antioch Mothers Club at her home Tuesday evening. Mrs. R. H. Childers discussed "Sex Instruction for Children." Mrs. L. O. Bright had charge of the entertainment. Mrs. E. Peters and Mrs. F. McKinney were assistant hostesses with Mrs. Stillson.

**MRS. ZIMMERMAN
ENTERTAINS 8 & 40**

Mrs. L. John Zimmerman entertained the members of the 8 & 40 at her home on north Main street Monday evening. Bridge was played following the business session. Prizes were awarded to Mrs. Paul Chase of Channel Lake and Mrs. George McGaughey of Waukegan.

**HIGH SCHOOL FORUM
HEARS OAK PARK EDUCATOR**

Frank A. Bentley of Oak Park gave an address on the subject, "Our Responsibilities as Parents" at a meeting of the Antioch High School Forum of parents and teachers held at the High school Friday night.

**MRS. RADTKE ENTERTAINS
BRIDGE CLUB FRIDAY**

Mrs. H. Radtke entertained the members of her bridge club at her home on Victoria street, Friday afternoon. Prizes were awarded to Mrs. E. J. Lutterman, Mrs. James Dunn and Mrs. V. B. Felter.

**FRIENDSHIP CIRCLE TO
MEET AT ALLENDALE**

The next regular meeting of the Friendship Circle will be held at the home of Mrs. Ray Thompson at Alendale Farm, Wednesday, April 20th. Everyone invited to attend.

**CARD PARTY AT
EMMONS SCHOOL**

A public card party will be held at the Emmons School Wednesday, April 20 at 8 p. m. Bridge, 500, pinochle and bunco will be played. Tickets 25 cents. Refreshments will be served.

Parents of Son
Mr. and Mrs. Ray Burnette are the parents of an 8½ pound son, "Edwin Lloyd," born April 3rd at the Lake County hospital.

IN MEMORIAM
In loving memory of our dear husband and father who departed this life on April 11, 1927. His memory will be ever present in our hearts and home. Happy were the years we spent together.

Lonely are our hearts today,
For the one we loved so dearly
Has forever passed away.
Always so patient, loving and kind,
What a beautiful memory you left behind.

From loving wife and family,
Mrs. Sena Laursen and Children.

Card of Thanks
We wish to express our sincere thanks for flowers, expressions of sympathy and assistance given us during our recent bereavement.

Charles Cermak, Sr., and Family.

For the loyal support and the many words of encouragement from my friends during the campaign, I extend to you my appreciation.

John L. Horan.

Coyotes Beat Cats
Coyotes are better mousers than cats.

Church Notes

St. Peter's Catholic Church
Antioch, Illinois

Sunday Masses at 8:00 and 10:00.
Week-day Masses—8 o'clock.

Catechism Class for children—Saturday morning at 10 o'clock.

Confessions—Saturday afternoons and evenings from 4 until 6 and from 7:30 until 9 o'clock.

CHRISTIAN SCIENCE SOCIETY
955 Victoria Street
Antioch, Illinois

Sunday School—9:30 A. M.
Sunday Morning Service—11 A. M.

Wednesday Eve'g. Service—8 P. M.
A reading room is maintained at the above address and is open Wednesday afternoon from 2 until 4 o'clock and from 7 until 8 o'clock in the evening.

METHODIST CHURCH NOTES
Warren C. Henslee, Pastor

Church School—9:45 A. M.
Worship Service—11:00 A. M.

Choir rehearsal every Thursday at 7 o'clock p. m.

Official Board Meeting the second Wednesday of every month.

Ladies Aid business meeting first Wednesday of every month at 3 p. m.

Friendship Circle business meeting third Wednesday of every month at 8 p. m.

Easter Sunday will be a busy day. At 9:45 the Sunday School program entitled, "In Newness of Life," will be given, with Mr. Pollock directing the music. You should not fail to be present at this very uplifting program.

At 11:00 the regular Easter service, including reception of new members, will be the center of the day's activity. If you are not affiliated with any of our local churches we will be glad to receive you into our fellowship at this service. At 6:30 the young people will meet for the regular devotional service of the Epworth League. And at 7:30 the day will be brought to its close with an Easter Cantata given by the choir. This should be the crowning service and mark "The End of a Perfect Day."

Good Friday Communion Service
At 8:00 o'clock this Friday evening the Holy Week services at the Methodist Church will close with the Sacrament of the Lord's Supper. We heartily invite all God's children to join in this service of sacred memories. There will be no baptisms at this service.

St. Ignatius' Episcopal Church
The Rev. J. E. Charles
Easter Day, April 17th

7:30 A. M. Holy Communion.
10:00 A. M. Church School.

11:00 A. M. Choral Eucharist and Sermon.

We cordially invite you to worship with us.

Please keep in mind the service on Good Friday, 1:30-3:00 P. M.

Moon Not a Star
The moon is not a star because it does not produce any light and does not maintain a relative fixed position. It is not a planet because it does not revolve around the sun. It is what astronomers call a "satellite," or a body revolving around a planet. Some of the planets have several moons, and a number of these travel in the opposite direction to others. Our moon revolves around the earth every 27½ days.

First Mention of Skiing
First mention in history of skiing dates back to the Sixth century, but from old stone inscriptions and relics the use of skis can be traced back well over 3,000 years. The first skis were short affairs with sealskins permanently attached to the running surfaces as an aid in climbing.

Personals

Mrs. V. B. Felter and daughter, Joan, Mrs. Herbert Melvin and daughter, Barbara Lee of Los Angeles, California, Mrs. Harvey Richter of Twin Lakes and Mrs. Claude Frisby of Richmond were entertained at the home of Mrs. Ted Helfer at Libertyville, Monday.

New Spring Coats, navy, black and pastels, \$7.00 to \$14.75. MariAnne's, Antioch, Ill.

Mrs. B. Fields entertained a number of friends at a luncheon and bridge party at her home Thursday.

Mr. and Mrs. Charles Tiffany and daughters were calling on friends in Antioch Saturday afternoon.

Mr. and Mrs. W. E. Shepard, Mr. and Mrs. H. E. Shepard and sons, Hanaford and Eugene and Mrs. Elizabeth Behler of Woodstock spent Sunday in Antioch the guests of friends.

Mrs. Herbert Melvin and daughter, Barbara Lee, of Los Angeles, California, spent the week-end with Mr. and Mrs. Virgil B. Felter at their home on Lake street.

Mrs. William Hovanec of Libertyville and a former resident of Antioch entertained her Antioch bridge club members at her home Wednesday afternoon.

Smart new blouses, \$1.95. MariAnne's, Antioch, Ill.

Mrs. John Schaefer and daughter, Alice, of Pikeville left Wednesday morning for Denver, Colorado, where they will spend several months with Mrs. Schaefer's sister, Mrs. Alvin Hughes.

Mr. and Mrs. Walter Valters and son of Chicago were guests of Mr. and Mrs. H. B. Gaston, Jr., Sunday.

Don't forget the card party at St. Peter's hall, Monday evening, April 18, at 7:30. Bridge, "500," pinochle, and bunco. Admission 35c.

Frank Herman of Detroit Lake, Minnesota, and Mr. and Mrs. Edward Herman of California were guests at the home of Mrs. Josephine Herman at Bluff Lake this week.

Mrs. Elsie Reetzke, Stanton Hazen and Parker Hazen spent Sunday in Chicago.

Chess Played Throughout World
Chess is the most cosmopolitan of all games. Invented in the Orient, it is played throughout the world.

AMUSEMENTS

"In Old Chicago" Now Showing at Gateway

The most talked about spectacle of the screen today, "In Old Chicago," is now showing at the Gateway Theatre. Tyrone Power, Alice Faye and Don Ameche are the leading stars "In Old Chicago" which gives you the story of the O'Learys.

Opening with the O'Learys in a covered wagon, bound for Chicago, Pa. O'Leary is buried in the prairie, only a few hours away from the city he longed to see—next morning Ma O'Leary brings her three sons to this bawling city and launches herself upon a career as laundress.

The O'Leary family fights tooth and nail at times and the climax comes when Dion (Tyrone Power) has his brother Jack (Don Ameche) the mayor, perform the marriage ceremony

which makes Belle Faucett (Alice Faye) his bride so Belle could not testify at his political schemes—

A fight begins here, and far away in the patch the cow kicks over a lantern in a barn—

Then the screen flowers forth in the most terrifying beauty. Chicago is wiped out before your eyes—

The final moment shows the O'Learys reunited in a spirit of regenerated Chicago to come.

Second feature stars John King in "State Police."

Mark Twain's "Tom Sawyer" at Kenosha

Mark Twain's most beloved story, that has brought him fame and joy to many, is now showing at The Kenosha Theatre.

The adventure of "Tom Sawyer" is one story that will be appreciated by everyone who has been a kid, and to miss it, is to miss one of the greatest experiences in a motion picture theatre.

Tommy Kelly who takes the role of Tom Sawyer has been chosen from 25,000 others as the typical American boy by David Selznick who has discovered Freddie Bartholomew.

Second feature stars Victor Moore in "This Marriage Business."

Use of Broccoli in United States
Broccoli, known in Italy for more than 100 years, was not widely known in the United States until 1918.

When Slavery Was Abolished
There were 4,500,000 slaves in the United States when the constitutional amendment abolishing slavery was ratified in 1865.

Caused Downfall of Napoleon
Receipt in France of the news of Sedan's fall in the Franco-Prussian war of 1870 caused the downfall of Napoleon III and the proclamation of the third French republic.

Use Coffee to Keep Awake
Coffee was originally used by the Arabians to keep them awake during the long Mohammedan religious exercises.

Use of Pepper in Tropics
Pepper is freely used in seasoning food in the tropics because it stimulates perspiration, thereby cooling the body.

Did You Ever Try These Recipes? Do, Please

Baked Steak with Tomatoes

Select one pound tender round steak or pork steak and cut into pieces two inches square. Put a layer of steak in a baking dish, salt and pepper. Add a thin layer of onions and a layer of canned tomatoes. Salt and pepper each layer of meat as desired. Continue until the baking dish is filled, having tomatoes as the last layer. Sprinkle a little flour on top of the tomatoes and bake two hours in a moderate oven or until the meat is tender. Before serving cover the top of meat with buttered bread crumbs and brown in the oven.

Leg of Lamb, French Style

Small leg of lamb, boned
1 finely chopped shallot
2 tablespoons butter
1 carrot sliced
1 teaspoon parsley, minced
1 clove garlic, bruised
1 onion, sliced
Salt and pepper.
Mix the parsley, shallot, garlic, seasoned with salt and pepper. Sprinkle this mixture on the inner surface of the meat. Tie the meat into a compact shape and place it in a roaster, containing the butter, onion and carrot. Season well with salt and pepper. Bake for one-half hour in a hot oven and then at a lower temperature until the meat is done. Serve with gravy made from the drippings left in the pan.

Cottage Cheese French Toast

8 slices bread, 1/2 inch thick.
1/2 cup cottage cheese
1/2 tablespoon onion juice
2 eggs
Butter
2 tablespoons green pepper, chopped
Salt and pepper
1/2 cup milk.
Peach jam.
Spread the bread with butter and make into sandwiches using cheese, green pepper, onion juice, salt and pepper. Beat eggs, add the milk and more salt and pepper if desired. Dip the sandwiches into the mixture and fry in a little butter until a delicate brown. Serve at once with peach jam. This will serve four.

Baked Eggs on Rice

2 tablespoons butter
1 large onion, chopped
6 tablespoons raw rice
1 1/2 cups meat broth
1/2 teaspoon salt
1/2 teaspoon chili powder
6 eggs
3 tablespoons grated cheese
Wash the rice well and dry, brown onion and raw rice in butter, add the meat broth, salt and chili powder. Mix well and turn into a buttered casserole. Cover and bake in a moderate oven until the rice is almost tender (about 40 minutes). Uncover, make six indentations in the rice and slip the whole egg into these nests. Sprinkle with grated cheese, salt and more chili powder. Continue baking until eggs are set and the cheese is melted. This will take about ten minutes.

Burnt Sugar and Banana Pie

2 ripe bananas
2 egg yolks
1/2 cup sugar
1 1/2 cups milk
1/2 teaspoon baking powder
2 egg whites
1/2 teaspoon salt
1/2 cup flour
6 tablespoons sugar
1 1/2 teaspoons vanilla
Pastry for pie shell.
Line a medium sized pie plate with pastry having a fluted edge and bake at 500 degrees for twelve minutes. Meanwhile prepare the following filling: Scald one cup milk in the top of a double boiler and add one-fourth cup sugar which has been caramelized. Cook until the caramel has dissolved. Place the flour in a measuring cup, add enough milk to make a smooth paste and then fill up the cup with milk. Beat the egg yolks slightly and add one-fourth cup sugar, the salt and flour paste. Pour the scalded milk gradually over this mixture, stirring constantly. Return to the double boiler and cook for one-half hour. Remove, cool and add one teaspoon vanilla. Pour into a pastry shell and garnish the top with bananas cut in rings. Cover with a meringue made as follows: Beat the two egg whites until stiff, add four tablespoons sugar. Add the remaining two tablespoons sugar, the baking powder and one-half teaspoon of vanilla. Beat well and pile lightly on the pie. Brown in the oven at 300 degrees for fifteen minutes.

Wear Mourning Teeth

In certain parts of Asia many persons wear black teeth while in mourning. Those with real teeth merely enamel them. Those with false ones, says Collier's Weekly, have a special set of black teeth made for this period of grief.

Spring Brides in Lace, Moire or Satin

By CHERIE NICHOLAS

PERHAPS at no time is the challenge greater to brides-to-be to look their most entrancing than in the joyous, rapturous spring of the year when all nature seems to conspire to stage a most glamorous setting for the wedding scene.

Yes, indeed, the picture must needs be one of super-entrancement and romance that tunes to skies sunny and blue, to birds trilling exultant notes in welcome to spring, to blossoms and verdure bursting into a very ecstasy of color reaching as far as eye can see. When you read the story or glimpse the new fashions as pictured here, you know that all things beautiful have been taken into account in creating wedding array for those who would make their nuptial vows in springtime, this year of 1938.

Lace ranks high in the list of fashion "firsts" for spring brides. In fact many wedding parties will use lace throughout for bride, maid of honor, bridesmaids and little flower girl. One of the allures of lace is that it presents charming color possibilities, for the newer laces come in beguiling pastels for the attendants, with silver-threaded lace for the bride or embroidered lace, if you will; likewise fine Alencons, or Chantilly, priceless rose point or rich Spanish lace.

Can you imagine anything more "darling" than a wedding gown that is fashioned row after row of narrow Val lace just as you see pictured in the foreground of the illustration herewith? The little puff sleeves and youthful square neckline are outlined with baby ribbon run through a narrow lace beading and even the quaint mitts are of lace.

Speaking of vogue for lace, a most gorgeous Spanish lace headdress and veil are being shown this season for the bride who would dress in period fashion. The picturesque

mantilla of lace is draped to towering height on the head (just as you see in quaint wedding pictures of old Spain) from whence it sweeps out in voluptuous flowing lines in a grandiose train.

Turning from lace to fabric, there's much news to impart. First we would speak of the tendency this spring to use sheers such as mousseline de soie, tulle, marquisettes, dainty nets and also shadow-print swiss organdie (inexpensive but lovely) for the bride's gown. Contrasting these diaphanous weaves is a very new silk moire-brocade that bespeaks the stately and elegant. The handsome gown the lady in the center background of the illustration is wearing is a beautiful dress made of this high-style moire. Of course this stately silk must be styled with utmost simplicity the better to emphasize the magnificence of the material. Taffeta silk, white for the bride and colors for the bridesmaids, is also a favorite this spring.

A gown of the patrician moire just described demands that utmost simplicity prevail in way of headdress and veil. Note the monk's cap and veil as worn by the moire-clad bride pictured. It is styled exquisitely but very simply, the close fitting tulle being finely all-over-shirred with yards and yards of the tulle billowing over shoulders and as long as one cares for the veil to be.

As to the ever becoming tiara, you may be wanting to know if it still is in fashion. For answer see the charming bride to the right. The tiara made of lattice-worked satin is modish, as is also the tiara built high with orange blossoms. This bride clings to the wedding tradition of exquisite white satin for the nuptial gown.

RARE MUSIC FOUND BY PITT PROFESSOR

Manuscripts 200 Years Old Discovered in Church.

Pittsburgh, Pa.—A cache of rare musical manuscripts, hidden for almost two centuries in a church in the village of Lititz in eastern Pennsylvania's Lancaster county, has been discovered by Theodore M. Finney, lecturer in music at the University of Pittsburgh and director of Pitt's famed student band and the men's glee club.

Mr. Finney made his discovery last summer. He said the music had been written between the Revolutionary war and the War of 1812 by composers who were communists of the Moravian church whose members fled Germany to come to country around Bethlehem—and of course, to be dubbed "Pennsylvania Dutch."

None of the music—save what was written by the Moravian musicians before they migrated to America—has ever been published. It is in the classical tradition of Mozart and Haydn.

Some of the pieces are religious anthems. Others are in symphony and chamber music arrangements.

The Pitt teacher explained: "It is unusual—in violation of the tradition of its times—because in the Eighteenth century the churches of New England considered any music, except the singing of psalms, sinful."

"No one in New England would have dared suggesting an orchestra might play in a church. But in the little towns of eastern Pennsylvania it was done every Sunday."

A large percentage of the Moravians must have been skilled musicians, for many of the pieces Mr. Finney found would prove severe tests for the ability of even a professional of today.

Moravians liked music, he said, and indicated in their writings they didn't think much of the New England style of unaccompanied singing of hymns in which every member of the congregation carried what was his own idea of the tune. One Moravian critic referred to the Massachusetts church music as the "woeful shrieking and squalling of the congregation."

He said the manuscripts will probably be turned over to the Moravian church's seminary at Bethlehem, and kept there.

Artificial Leg 39 Inches Long Is Without an Equal

New Orleans.—The longest and largest artificial leg known to J. E. Hangar, Inc., artificial limb makers, has been sent to E. C. Bledsoe of Bastrop, La., 7 foot 6 inch giant.

The leg is 39 1/2 inches long and weighs 9 pounds 9 ounces. The average artificial leg is 28 inches long. The shoe, which matches the one worn by Bledsoe, is size 22. The shoe is 15 1/2 inches long, 5 1/4 inches wide and weighs 2 1/2 pounds.

C. W. Apperson, manager of the firm, said in the 70 years the company had been in existence, records show it had never before been called upon to make such a large leg.

Bledsoe is forty-three years old, a farmer and woodsman. He weighs 267 pounds. He has removed the front seat of his automobile and drives from the rear seat.

A tree fell on him in November, 1936. Blood poisoning set in and the leg was amputated at about the middle of the calf.

The artificial leg, however, straps to his knee and thigh.

Calcium Needed by Body

Calcium is an essential element in the body for the building of bones and teeth and for making the nerves function properly. It is obtained from foods, but in relatively small amounts. It becomes quite expensive when obtained separately in the organic form in which it occurs in such foodstuffs as milk and vegetables. Calcium, however, is a very plentiful material in nature, in mineral form. Chalk, of which there are vast deposits, contains 40 per cent calcium, and it is used in pure form in many industries. Many kinds of paper are "filled" with it to provide improved printing surfaces.

Oldest in North America

Mexico City is believed to be the oldest large city in continuous existence on the North American mainland. It was founded by the Aztecs in 1325.

Heavy Water Thirst Creating

Ordinary water is an ideal thirst quencher. Heavy water creates an intense thirst when fed to experimental animals.

Don't Like Bad Temper

"I 'spise a bad temper," said Uncle Eben, "but I'd rather see a man git mad dan be discouraged."

Name Formosa Portuguese

The name Formosa is Portuguese and means pretty. The official name of the island is Taiwan.

Fort Matanzas

Fort Matanzas is situated about sixteen miles south of Fort Marion, Fla., and guarded the south inlet of the Matanzas river. It is a small fort about forty feet square located on Rattlesnake Island. Having no boat, it could be entered only by the use of a ladder. The word "Matanzas" means "bloody" and the fort takes its name from a gruesome event which occurred about 1565 when the Spanish slew some 300 French Huguenots.

Perfection of Spectacles

Perfection of spectacles since their probable invention by Scientist-Monk Roger Bacon has developed with increasing literacy. As more books were read, more spectacles were used. Early wearers were proud of their glasses, and a portrait dating from 1352 shows the first pair of "cheaters" ever to be painted. And monacles were originally worn for a single faulty eye and not for effect.

Made a Poor Guess

Most of the colonial statesmen said it wasn't possible that any really important settlement would ever develop west of the Alleghenies.

Library Founded in 1444

The Bodleian library at Oxford, England, founded in 1444, is the oldest public library in Europe.

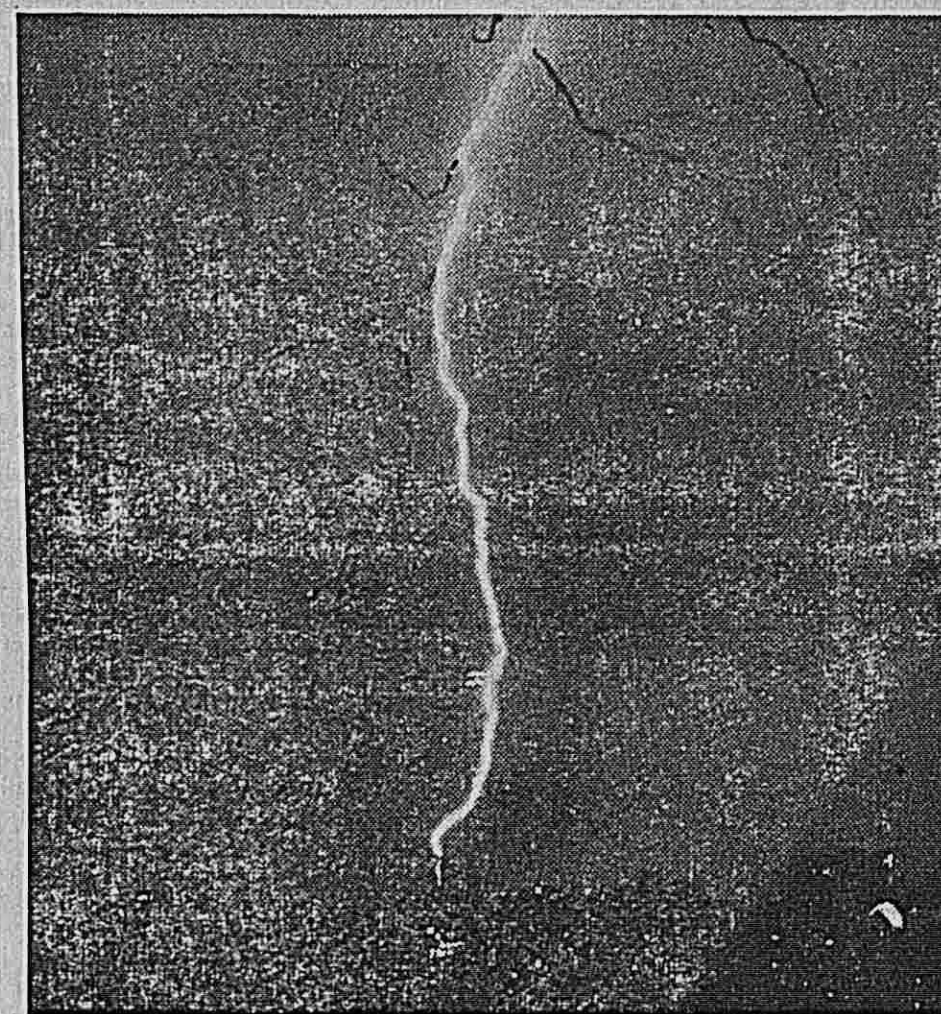

Rhinoceroses Have Bad Tempers
Rhinoceroses have little intelligence and bad tempers.

"Seeing's Believing!"

WORDS & PICTURES

Around the World

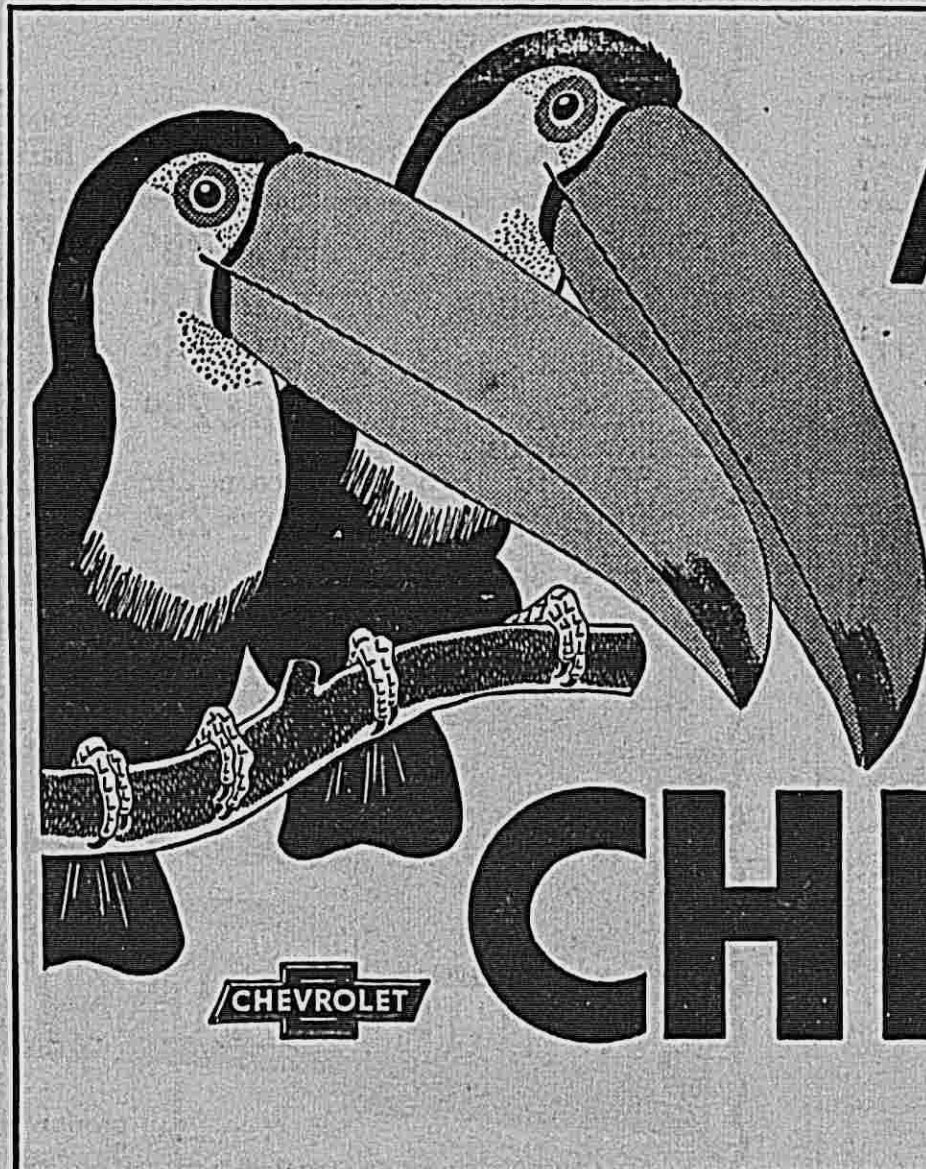

By William LaVarre

Lightning That Is Black!

THERE are stranger things in the world than meet the ordinary eye! A bolt of lightning recently struck in Central park, New York City, stripping a 70-foot tree. Charles Phelps Cushing had his camera ready and took the photograph reproduced above—one of the most remarkable camera scoops ever obtained—of the phenomenon of black lightning. Electrical engineers are at a loss to explain the black offshoots from the main white lightning bolt.

AN AD IN THESE
COLUMNS
IS READ BY
EVERYBODY

have been spending this season there, especially from the Antioch, Illinois, area.

In fact, there is a regular winter colony of Antioch residents and their friends. The colony is increasing in numbers each season.

Here is a list of parties spending their winter and spring vacations at Roseland—they are from Antioch and vicinity: Frank and Herman Bock, Mr. and Mrs. A. W. Bock, Mr. and Mrs. W. G. Barnstable, Ira M. Simons, Mr. and Mrs. W. R. Williams, Mrs. Alice Bock, Mr. and Mrs. Fred Warner, Mr. and Mrs. Adolf Pesat and sons, Mr. and Mrs. James Hanrahan, Mr. and Mrs. Charles Holmes, Mr. and Mrs. J. P. Johnson, Mr. and Mrs. Earl Pitman, Mr. and Mrs. Claude Miller, Mr. and Mrs. A. J. Smith, Mr. and Mrs. Shirley, Mr. and Mrs. George Golwitzer, Mr. and Mrs. Joe Hladovec and daughter, Mr. and Mrs. H. A. Rasum, Mr. and Mrs. Al Wentink, Mr. and Mrs. Harold Bock and daughter, Mr. and Mrs. A. Corin and Mrs. Ella Goodrich.

Parties visiting Roseland from Antioch and other places this season include: Mr. and Mrs. Albert L. Hall and Mrs. Hall's father, Mr. and Mrs. Russell Edwards, Mr. and Mrs. C. G. Schlegel, Dr. and Mrs. K. M. Beck, Mr. and Mrs. George Garland and daughter, Sue, Dean E. Williams of New York; George Van der Stodt of New York; Ray Shultis, Mr. and Mrs. Louis Nielsen, Mr. and Mrs. Al B. Maier and daughters, Mr. and Mrs. George Bacon; Ben Enimons and Mrs. Frank Pitman of Chetek, Wis.; Mr. and Mrs. Fred Hawkins, Mrs. Toney Dibble, Dr. and Mrs. L. J. Blackerman, Mr. and Mrs. Peter Koehler, Mr. and Mrs. Walla Johnson, Mr. and Mrs. W. Koehler, Mr. and Mrs. Maurice Meyers, Will Wilmington of Round Lake, Ill.; Mr. and Mrs. William Price of McHenry, Ill.; Mr. and Mrs. Herman Rosing, Mrs. Drucilla Ferris, Miss Ruth Ferris, Mr. and Mrs. Paul Ferris, Mrs. Isabel Horton, Joe Labdon, Mr. and Mrs. Wm. A. Rosing; Mr. and Mrs. Harley Long, Wilmette, Ill., and Fred Rindge of Massachusetts; Ira Simons, Antioch, Henning Johnson and wife of Deep Lake; Mr. and Mrs. Jake Gustafson, Twin Lakes, and Mr. and Mrs. Ted Smith of Channel Lake.

Fruit Outlook

Hurt By Cold

A 50 per cent strawberry crop in southern Illinois with maturity delayed until May 10th to 15th as a result of wholesale destruction of strawberry blooms by freezing temperatures was reported today by Harry W. Day, director of fruit and vegetable marketing, Illinois Agricultural Association.

Mr. Day said that damage to peach blossoms in the Anna and Carbondale areas was spotted. "On the low ground practically all peach blossoms were killed but on higher ground there was little damage," he said. "The outlook is for a fair to good peach crop in spite of the cold weather. Massac county, in the extreme southern part of the state, reports practically all peach bloom killed."

"In the Centralia area about one-third of the peach blossoms were killed. There was a smaller amount of damage to apples. In the Quincy area of western Illinois, growers reported very little damage to apples. Temperatures in southern Illinois ranged from 26 to 30 degrees early in the week."

Mr. Day reported that the cold wave of the 48 hours which left portions of northern Illinois under a heavy blanket of snow, will retard development of many fruits and vegetables.

Earliest Mechanical Time Measure
The earliest mechanical time measure was a water clock, containing water which was allowed to escape through a small hole, marks on the side indicating the lapse of time.

Grant H. S. Notes

(By Raoul George)

Last week's deluge of snow called a halt to Grant high school track practice and necessitated the postponement of Wednesday's scheduled dual encounter at Barrington. The local cinder men resumed practice Monday of this week on the athletic field.

Negotiations have been launched by Coach Rasinske to card a triangular affair with Libertyville and Barrington on the latter's field on April 22. There two schools are carded for a dual clash on that date, but it is possible that Grant may enter to make it a triangular affair.

Tickets for the senior class play, "This Benius Business," are now on sale. Adults may purchase them for 35 cents, while high school students and children may have them for 25 cents. This effort will be presented in the auditorium on April 22 by a cast of selected artists.

An assortment of Antioch high school sophomores had no trouble in clubbing out a 10-3 baseball victory over a picked Allendale squad at Lake Villa last Tuesday. Behind the effective hurling of Lefty Ray Wells the Antiochians decisively achieved their five inning verdict.

Mr. Orr's boxers received a beautiful third place trophy for their endeavors in the Illinois Invitational Boxing Tournament at Cicero last month. Francis Renehan, champion in the 135 pound class, received a gold medal and Philip Dufault, finalist in the heavyweight bracket, was awarded a silver badge.

The shorthand class is still in a quandary. Ten students remain of a group that was nearly twice as large last fall. And there is an excellent possibility that others will be ejected ere long.

After some difficult mathematical calculations I have discovered that the average Grant student spends about 22 solid days of the year in laboring over his text books in classes. This applies only if the student were to work 24 hours a day. No study halls are included in the time stated. In other words, an average student can finish his year's work in a little over three weeks if he works continuously. Deeper yet, the average student can finish his English course in 5 days' straight work. The whole thing is perfectly possible, but not probable.

During the early hours of Palm Sunday the air became unusually brisk and cold. Later in the morning I discovered that quite a lengthy strip of Cedar Lake at Lake Villa had frozen. There will be no school on Good Friday, much to the delight of all concerned, I suppose. However, I want to take this opportunity to wish you all a happy Easter.

See where my old friend, Don Huth, sports editor of the Waukegan, Wis., Daily Freeman, has resigned to accept a similar post with the Racine Times Journal. He graduated from Marquette last spring and already he's in the big money.

Peerless Francis "Chickie" Renehan, Grant's 135 pound unofficial Illinois prep title holder, has carved another notch in his amazing fistic career. The sixteen year old Round Lake youth pounded out a three round decision over Bill McArthur of Deerfield to annex the 135 pound class crown in the finals of the Lake County Junior Amateur Boxing Tournament in Libertyville Saturday evening.

Three Grant boys, Charles McCannless, John Chocuske, and Charles Ward, reached the finals in the tourney but lost their championship tilts.

The seniors are being deluged with literature from colleges all over the country. Lawrence College at Appleton, Wis., is one of the worst offenders, besides a batch of insignificant institutions in the immediate locality. See where Phil Dufault is being pursued by Lake Forest.

The high school All Stars defeated the faculty, 23-13, Monday afternoon in

the annual volleyball classic held to discover school superiority. The faculty are somewhat humiliated by the mauling and promise to square accounts shortly, but Principal Moore has announced that there will be no more volleyball clashes this spring. So the high school instructors, be they supreme in age and height, must take their whipping in line peacefully and admit the students superior.

The Messrs. John Hodge, Walter Rasinske, John Christ, Elmer Rich, John Moore, and Louis Orr labored in vain for the faculty, while Harold Dietmeyer, Everett Janssen, Frank Velisek, Marty McManus, William Ziegler, James Jorgensen, and Edward Fritzche (oiled for the victors).

The first year typing team is laboring strenuously. Edna White and Janice Pixley have clinched berths on the team, but the third spot is open to either Arlene Tonyan or Frances Seymour. Both of these girls are excellent typists and Mr. Orr will have a difficult task selecting the one capable of upholding Grant's prestige along with Miss White and Miss Pixley.

Edris Jensen returned to school Tuesday after spending several months with her parents in Sarasota, Florida. She brought some of the renowned Florida sunshine with her, too.

Antioch, Ill.

Thanks, Voters

I wish to thank the loyal Democratic voters for their expression of confidence in returning me to office for the third time.

Charles Cermak, Jr.

Precinct Committeeman Antioch 2
